Dear Parents and Caregivers,

This week the front page of the newsletter has been given to our student leaders of our school who went to the GRIP student conference at Quayside Centre at Homebush Bay. Below is a summary of some of the different activities that they were involved in.

The Morning session was full of lots of different games aimed to develop teamwork skills and strategies for being better leaders in our school. The first game we played was Noughts and Crosses. The aim was to see how many grids we could complete with our partner and try to get as many as possible. The next activity we did was Monopo-lead which is based on the game Monopoly but with twist. We walked around the room and met children from other schools. In our booklets we had a Monopoly board with different questions that we could ask students from other schools. Some of the questions included; Have you had a broken arm? or Can you make a sound like an animal? After we completed our board one of the hosts called a boy named Felix was called from the crowd. He got up on stage and made a sound like a sheep. There was a woman named Maureen who wouldn't stop laughing at the thought of Felix The Sheep. The final activity in this session was about creating a profile of what is a good leader. We listed what we believe makes a true leader.

In session 2 we learned about the difference between being a strawberry leader and a watermelon leader. A watermelon is green on the outside and red on the inside but a strawberry is the same all the way through. What we learnt from this is that a leader needs to be the same on the inside and same on the outside. We met a character named Basil who was a gardener. Other characters we met were nicknamed Rosemary, Doug and Potato. Some of the things we learnt from the roleplay were to have integrity, which means to always be truthful and honest. It was a really funny session with the roleplay and we had lot of laughs.

In the next activity we learned that a simple idea can make a very big change in the world. An example was a school had a big plain brick wall and the SRC of that school had an idea to put some inspiring words that say "Work Hard", "Dream Big". That simple idea made a big change and so now when people walk into the school, they see those words and it will make them feel welcome and inspire them. Our final activity involved students from every school, including Lola. The students went up to the stage and they had different scenarios. With the help of the audience the students had to decide which option was the best solution for the scenario.

After a lovely lunch with a handball game and karaoke with Caleb, we started off our third session. We learnt six different ways to contribute to positive change. We worked together in groups to decide what change we would like to make to the school and we chose botanical buddies. Botanical buddies is when once a week for an hour, some Year 6 students pair up with a buddy from kindergarten to experience taking care of a veggie garden. We hope that the Kindies will learn new skills and care for the environment.

For our loud noises session a group of kids including Madeline went up on stage. Each person had to come up with a dance move and the whole crowd had to do it too. Each person who got to go on stage got an awesome badge each.

Everybody wanted to know what GRIP stood for. We found out that it stood for Generosity, Responsibility, Integrity and People. They taught us how to lead others in the correct way and gave us many things that we will take back and influence students at St Matthews. Our thanks to the GRIP Team who presented, Miss Mortimer and Mrs Henson for allowing us to enjoy a brilliant experience.

Chanel, Lola, Charlotte, Chris, Ben, Cody & Liam

Having spoken with the students who attended they all agreed that the event was a great experience and one that they believe future students leaders at St Matthew's should have the chance to attend. My own thanks to Miss Mortimer and Angela Henson for accompanying the student leaders to this event and giving them the opportunity to experience this conference.

FIRST EUCHARIST

Last Sunday and this coming Sunday a number of our students received Jesus in the sacrament of Eucharist. Congratulations to the children who received the sacrament. We look forward to celebrating more fully your participation in school and Parish Masses.

In partnership let us continue to work to develop in the children strong minds and gentle hearts.

Peace and Best Wishes for a wonderful fortnight ahead.

Tim Vane-Tempest,
Principal.

Week 5 Term 2 2018

PBS4L Competition Alert!

In our last newsletter we mentioned that there was a competition coming up to promote PBS4L in our school.

We can now give you the scoop that the competition is going to be about creating a St Matthew's mascot to promote that our students are safe, respectful, responsible, learners.

TOP SECRET

Our inside sources can reveal that the mascot ideally should incorporate the idea of planes, considering our close ties with the local RAAF base and frequent fly-overs that are a regular part of our life at St Matthew's! Our mascot will be a central part of our PBS4L work as it will be used on all our signage and posters.

Planes can signify and symbolise many of the positive qualities (safe, respectful, responsible, learners) we are aiming for. Some concepts that could be incorporated in the mascot design could include: Target practise, parachuting, working together - flying in formation, aiming high, precision, increase of skill, service, protection etc.

Get your thinking caps on! From week 6 onwards students will have the opportunity in their art lessons to begin working on their design of our mascot. We will let you know when the competition officially opens!

ENROLLING NOW FOR 2019

The enrolments continue to be open for Kindergarten 2019. If your child turns 5 before the 31st July, 2019 and you would like them to start at St Matthew's please contact the school office to pick up or have an enrolment pack sent to you. If you know of any family who are seeking enrolment for 2018 and are not yet connected with St. Matthew's please pass on this information. We look forward to welcoming you to St Matthew's in the near future.

Greetings St Matthew's School Community! We are already half way through Term Two! The month of May is also coming to an end. Our students have been learning about Our Lady throughout the month of May and learning more about the importance of Mary as our mother. The Angelus is a prayer that the whole school come together for after lunch around the statue of Mary. This is a very special part of our day.

First Eucharist Workshop Day – Last Wednesday, St Matthew's School hosted the First Eucharist Workshop Day. There were 130 students from surrounding schools participating in art and craft activities, a prayerful reflection and learning about the Mass, the Eucharist and the Catholic Church. The students also made bread and listened to Fr Robert teach them about the signs and symbols used during Mass.

We ask that you keep the students making their First Eucharist and their families in your prayers.

"BREAD AND WINE"

Wheat is grown and ground, transformed by human work to make bread. Grapes are grown and crushed, transformed by human work to make wine. It is traditionally the work of human hands.

Bread is life. Wine is joy. The sharing of food and drink is often linked with peace-making and the resolution of differences. From the earliest times, human beings have shared meals together. The very act of eating and drinking together is a symbol of fellowship, common life, common love.

In biblical times, people ate everything from the same plate. People ate using flat bread which served as a 'spoon' dipped into the communal dish. Sharing food in this way increased the sense of solidarity and fellowship among those eating it. They became, in a sense, one body.

The breaking of the bread was the ritual gesture that established communion among those at table in a Jewish ritual meal. The Last Supper was such a meal. Jesus identified the broken bread and poured wine with his own Body and Blood, broken and poured out in his suffering and Death. After his Resurrection, Jesus' disciples spoke of recognising him in the 'breaking of the bread'. The 'breaking of the bread' eventually came to describe the whole action of the Eucharist after the time of Jesus."

Corpus Christi

This Sunday is the feast of Corpus Christi - The Most Holy Body and Blood of Christ. It is very appropriate that our students receive Jesus for the first time in the Eucharist around this great feast. When Jesus shed His blood on the cross for us, He taught us what real love is - to sacrifice oneself totally for the loved one. We are all called to have a special relationship with Jesus. May the Eucharist strengthen us and heal us to follow Jesus and serve others with love and mercy.

Voices from the Classroom

“ What are you learning in Religion Education?”

“ We are learning about the journey to Emmaus. We analysed the feelings of the Apostles and Disciples during Holy Week and Easter. We also read Scripture and visualised what they were feeling and experiencing after Jesus died on the cross. We loved how the disciples recognised Jesus at the blessing and breaking of bread. We learnt about how important it is to have faith and trust God in our lives.”

God Bless.

Bronte Mettlesone's parents ran away to have adventures when she was a baby, leaving her to be raised by her Aunt Isabelle and the Butler. She's had a perfectly pleasant childhood of afternoon teas and riding lessons - and no adventures, thank you very much.

But Bronte's parents have left extremely detailed (and bossy) instructions for Bronte in their will. The instructions must be followed *to the letter*, or disaster will befall Bronte's home. She is to travel the kingdoms and empires, perfectly alone, delivering special gifts to her ten other aunts. There is a farmer aunt who owns an orange orchard and a veterinarian aunt who specialises in dragon care, a pair of aunts who captain a cruise ship together and a former rockstar aunt who is now the reigning monarch of a small kingdom.

Bear Grylls reveals the secrets of his years of fieldcraft experience. This is the information you really need to know about living in the field from the man who has passed 21 SAS selection, climbed Everest and survived in some of the most inhospitable regions on Earth.

In his inimitable style, Bear has thrown out everything that's boring about scouting and fieldcraft and concentrated only on what's exciting, inspirational and a little bit edgy. It's all here, from mastering the art of making the perfect campfire and constructing the best camp, to navigating safely through all terrains in all weathers - with or without a map...
