## NEWSLETTER WEEK 7

8 June 2017

Dear Parents and Caregivers,

In the coming week your child's report will be coming home. Accompanying this newsletter is a letter regarding reports and further information about the Student Led Conferences. We will be holding Student Led Conferences as part of our reporting process. As a refresher to parents who experienced this process last year and an introduction to new families the process and reasoning is outlined below.

Student led conferences differ from teacher-directed interviews in that students are actively involved in both the learning and the reporting process. Student led conferences take the form of a conversation between the student, the parents and their teacher. This allows students to demonstrate and explain their individual learning and growth, as well as the achievements that are significant to themselves.

The conferences have been modified from last year with each session being reduced to 30 minutes and the number of families in each conference session reduced as well. At the beginning of each session the teachers will outline the process and the core elements of your child's learning. The children will then present the work samples that support their achievement of their learning goals to their parents as a family. Teachers will be present and available during this time to share in the process and answer any specific questions you may have.

Following the conference some parents may want the opportunity to discuss further their child's achievements, behaviour or social development directly and privately with their child's teacher. We encourage parents to make an appointment to discuss these issues directly with the teachers. This offer is open to all parents at any stage throughout the school year.

*In partnership let us continue to work to develop in the children a desire to seek truth in everything they do.*

Peace and Best Wishes for a wonderful fortnight ahead.

Tim Vane-Tempest,  
Principal.

## Disco

The disco last Friday was a huge success with more than 180 of our children attending from K-6. Thank you to the parents who attended and supported the event by checking children in and out, with security, serving drinks and snacks and selling the glow products. These events wouldn't be able to happen without your generous support and presence. The event raised \$850 which will be used to purchase additional reading resources for the Primary classes.

Our next event will be the scarf and beanie mufti day in support of Hawkesbury Helping Hands and St Vincent de Paul. Information is below.

## Scarf, Beanie, PJ's, Slippers Day

Wednesday 28th June will be Annual Winter Appeal for St Vincent de Paul and Hawkesbury Helping Hands. As part of our regular social justice work our aim is to support the most needy in our community by supporting these very important local organisations. This year as a school we will be collecting tins of food for the Hawkesbury Helping Hands organisation and a gold coin donation for our local St Vincent de Paul group. As payment for wearing a scarf, beanie, PJs and slippers (or combination of these clothing items) children are asked to bring a tin of food and a gold coin on the day. Thank you in advance for your support of these important local community groups.

Greetings St Matthew's School Community!

Over the last two weeks, one hundred children in our parish received Jesus in the Eucharist for the first time. Congratulations to all these children and their families. We pray for them as they continue their faith journey with our prayers to support them.

Last Sunday was Pentecost Sunday. We celebrated the finishing of the Easter Season and we are now in Ordinary Time (green). We are reminded that Jesus is always with us. When the Holy Spirit descended on the apostles and Our Mother Mary on the day of Pentecost, people of many nations could understand what the apostles were saying in their own language. A very dramatic event! The Holy Spirit brought people of all nations together then and binds us all together now. The apostles were given courage to go out and speak openly about Jesus. When we receive the Holy Spirit at Baptism and Confirmation, we also receive forgiveness and healing.

This Sunday is the feast of The Most Holy Trinity- The Holy Trinity of Father, Son and the Holy Spirit, one God in three divine persons. In the Old Testament we learn that God the Father is kind and merciful. In the New Testament we experience the unconditional love and peace of God in Jesus Christ. Jesus sent us the Holy Spirit and the many gifts and fruits of the Spirit to live a Christian life. The Holy Spirit is a God of action. With the Holy Spirit we are able to do God's work through our words, thoughts and actions.

"The Spirit sanctifies, teaches, enlightens and encourages the faithful in the Christian way of life, especially in the midst of trials, temptations and persecutions."

(God's Word, 2017, Daily Reflections)

May the Holy Spirit guide us and help us as we live a Christian way of life.

**9 WAYS TO A RESILIENT CHILD**  
Dr JUSTIN COULSON, PhD  
KIDSPOT'S PARENTING EXPERT

#1

KNOW WHO YOU ARE

Our Parent Representative for St. Matthew's School Natalie Miskelly recently attended a talk on raising resilient children.

Natalie has been given a copy of Dr Justin Coulson's book.

If anyone is interested in borrowing this book written by Dr Justin Coulson, please see the front office.

*Knowing your identity is a powerful predictor of resilience.*

When our children are young, they're not too concerned about big questions like "Who am I?" But knowing who you are, where you're from, and how you fit in – in other words – knowing your identity is a powerful predictor of resilience.

Children with a strong sense of identity are more likely to be confident and enjoy positive social interactions, do well in a variety of situations including at school (and later in life, at work), behave pro-socially, avoid alcohol and other drugs of abuse, and choose good friends who also know who they are and make positive, safe, healthy decisions.

So how do our children work out who they are?

The answer might surprise you. It is often through being challenged and experiencing adversity that our children begin to question the stuff they're made of. Challenges grow character.

But for younger children, we want to cocoon them. The best way to build resilience in our younger children is to teach them about their roots. When they know who their parents are, and where their family comes from, they can begin to construct their own personal identity in powerful ways.
