Staff Development (Pupil-Free Days)

To allow for whole staff development, the Catholic Education Diocese of Parramatta supports 6 pupil-free days each year. These development days enable the school staff to work together on a selected focus related to spiritual enrichment, curriculum or policy formation.

Children are not required to come to school on these days. However supervision is available for children at the COSHC if required. Dates are advised well in advance on the school calendar and in the fortnightly newsletter.

School Sport

For the purpose of school sports carnivals (swimming & athletics), the school is divided into four house teams: **Red Macquarie**, **Blue Fitzroy**, **Green Hawkesbury** & **Gold Tebbutt**.

Assemblies

Parents are always welcome to be present at assemblies. School assemblies are held once a fortnight at which time the whole school comes together in prayer and celebration.

Excursions

Children will attend excursions from time to time as part of the **curriculum**. All children are expected to participate. Excursions are always well supervised and are non-profit making, with costs kept to a minimum.

Preparing Children For School

Little things mean a lot...

- Please mark all items clearly with your child's name
- Please put an identifying mark on the outside of school bags so that children can quickly locate their own bags
- Please advise the teacher of any circumstances that may affect your child – e.g. new baby, death in the family, illness
- Let the teacher know of any health problem that may affect your child's learning ability
- Discuss anything that you may think is worrying your child
- Please send a note confirming your child's absence from school on their return to school
- Children are to keep long hair tied back for safety reasons, and for security reasons, not to wear any jewellery (except sleeper or stud earrings)
- Please make sure that the office has up-to-date contact numbers where you can be reached in case of illness or accident
- If you are picking your child up from school, please ensure that you are on time to avoid your child being upset
- Make sure your child knows what to eat for recess and lunch so they have food throughout the day
- To allow your children to become settled and independent, let them come to their classrooms on their own and carry their own bags.

Parish Involvement

Our pastors are actively involved with the school and staff. Each class has the opportunity to participate in regular liturgy and sacraments. The students have the opportunity to receive reconciliation each term.

Preparation for reconciliation, Eucharist and confirmation is according to the parish-based program.

St Matthew's parish has two parish primary schools:

- St Matthew's Primary
- Chisholm Catholic Primary

The two schools operate in collaboration to promote parish goals.

Enrolment applications need to be submitted directly to the school you wish to enrol in.

The history of St Matthew's is also the human story of a wonderful parish, the region and the dedication of those who served the school, often against adversity.

Communication

Parent Communication

Parents are most welcome to speak with teachers. Please arrange for an interview by either sending a note with your child or by **contacting the school office**. Teachers are unavailable for interviews during class time and when they are on playground duty.

Parent-Teacher Interviews

These are held periodically during the school year and provide an opportunity to discuss your child's strengths and challenges for the year.

School Newsletter

A **school newsletter** is available each fortnight from the school website. Apart from the school website, these notes are our main source of information for parents.

Accompanying the school website is the school Facebook site as a more immediate source of ongoing information. This site does not require the reader to have a Facebook account. The Facebook page is accessible by clicking on the link on our school website

Notes Needing To Be Returned To School

Any correspondence, such as permission notes, offers of help, surveys, etc. which need to be returned to the school will be printed on **PINK** paper. We ask your assistance with returning any **PINK** note to school promptly.

Absence, Illness & Medication

Absences

If your child is away from school for any reason, a written note of explanation to your child's teacher is necessary. If your child will be away for an extended period please notify the office and your child's teacher.

Illness/Injury

Children who become unwell or injure themselves at school will be referred to office staff who will determine whether parents need to be contacted. For this reason it is vital that we are advised of current contact numbers, as well as an emergency contact person who can be rung as needed.

Parents are asked to keep children home if they are sick or injured. Please contact NSW Health on 9391 9000 for details of exclusion periods for infectious diseases (e.g. chickenpox, measles, head lice).

Medication

Only medication prescribed by a doctor can be given at school. In the event your child requires medication while at school, parents are required to provide written authorisation for office staff to administer tablets/medicine. *Children may keep asthma puffers in their school bags.*

And Finally

St Matthew's Is Holy Ground

'You are here so this is Holy Ground' - *Monica Brown*

What does 'Holy Ground' mean?

To make something 'Holy' means to make it different. We want St Matthew's School to be different. We want this difference to be reflected in our relationships, especially in our communication with each other. We want to be different so that within our community will speak with respect and dignity.

If we are speaking with respect and dignity, we will not be using offensive language, we will not be putting others down or teasing, we will not be shouting or name calling. We will listen to each other with respect and sensitivity. Our words and actions will be life giving!

This will not be an easy transition, especially when offensive language is very much a part of radio, television and ordinary conversation for many.

Why should we do this?

Many of us would accept the fact that people speak to each other in an offensive manner. We can't change what anyone else does, we can only ensure that we are respectful in speech and behaviour. Our respectfulness as individuals will hopefully have a ripple effect in our community.

If we are able to make St Matthew's 'Holy' – different – then perhaps we can take this holiness with us when we are away from St Matthew's. Perhaps this will enable us to make a difference wherever we go.

Of course our efforts will need to continue each and every day.
